Nickelback is one of the biggest rock bands in the world, with over 35 million albums sold. The band's latest album, *Dark Horse*, produced by the legendary Mutt Lange, debuted at number two on the **Billboard Top 200 Chart** and has remained on the Top 200 for 50 weeks selling over 2.4 million albums in the US alone. Nickelback is currently nominated for Grammy in the Best Hard Rock Performance category for "Burn It To The Ground."

The latest single from **Dark Horse**, "**Never Gonna Be Alone**," is already top 10 at Hot AC and heating up quickly at Pop, where it is currently top 30. Nickelback has enjoyed unprecedented success with their last album, *All The Right Reasons*, which has been RIAA certified 8X platinum. The six singles from the album totaled 12 million downloads and 6 million ringtones. All proceeds of digital single and video sales for "If Everyone Cared" between February 1 and July 31, 2007 were donated to charity, equally distributed between *Amnesty International* and *International Childrens' Awareness Canada*. Each of the five videos from *All The Right Reasons* has reached #1 on VH1's playlist: "Photograph," "Savin' Me," "Far Away," "If Everyone Cared" and "Rockstar." In 2006 Nickelback was awarded a World Music Award for "World's Best Rock Group," a Billboard Touring Award for "Breakthrough Artist," an American Music Award for "Favorite Pop/Rock Album" and a People's Choice Award for "Best Rock Group."
